## **All complete outfits are £53.00, why pay more?**

By hiring your wedding suits from Formally Yours, you can expect to pay less than you would on the High street for the same quality. We can do this by offering our service online; enabling us to pass on significant cost savings directly to you, often up to 50% off High street prices. We keep our pricing simple; the prices you see are for complete outfits consisting of jacket, trouser, waistcoat, shirt and cravat or tie with matching handkerchief.

## **Exceptional customer service.**

With over 30 years of experience in the wedding hire industry, we understand that exceptional service makes arranging your big day easier and stress free. As such our commitment to offering the highest quality formal wear, at the lowest prices around, is backed by the most professional and helpful customer service from beginning to end.

You will find any emails or telephone calls are answered quickly, and by those who have experience to advise, and the authority to make decisions if required. Please see the 'Testimonials' section on our website for the latest views of our customers, who continue to write in with their feedback.

## **What are customers say.....**

Here are just a few examples of the great feedback we regularly receive. More examples can be found in the 'Testimonials' section of our website.

'I had never heard of your company until I stumbled across you via the internet, but I have certainly spread your name since then.'  
LO, Bishop Auckland.

I just wanted to send you a quick note to say what a great service you provided! You'll be glad to hear we've recommended you to all our friends.

Ben & Sarah, Lyminsteron.

## **Nationwide delivery and collection.**

We deliver and collect all outfits via DPD Couriers. We always deliver & collect before midday and, using DPD's 'Predict' service, you will receive notification of the approximate time your suits will be arriving. Supplying thousands of suits each year enables us to secure very competitive rates, allowing us to offer you the very best price & service. Any mainland Britain address may be used as standard, as long as a postcode and contact telephone number are also provided.

Your order will be sent to you the week before your wedding, which means that the vast majority of customers will have their outfits at least 8 days before the big day, providing considerable peace of mind. We will arrange for the collection of the suits 2 days after the wedding and, once again, you will receive notification of the approximate time.

## **Dry Cleaning.**

Our rigorous approach to quality control means that every garment is dry cleaned after each hire. This is all done for us at Johnsons Cleaners Specialist Centre using their Green Earth Dry Cleaning System, delivering first class results whilst being 100% non toxic to the environment.
